Court No. - 3

HON'BLE SHEKHAR B. SARAF, J.
HON'BLE PRAVEEN KUMAR GIRI, J.

1. The prayer in the Writ - C No.14518 of 2006 is as follows :

"a) a writ, order or direction in the nature of writ of certiorari quashing the revised assessment order/ bill dated 17.12.2005 and consequential demand notice dated 20.12.2005 (Annexure No.10 & 11 to the writ petition) issued by the respondent No.3 in purported exercise of power under Section 135 Electricity Act, 2003 read with clause 6.8 (c) of Electricity Supply Code, 2005;

b) Issue writ, order direction in the nature of mandamus declaring Clause 8.2 (iv) of Electricity Supply Code, 2005 as ultra vires of section 126 (6) to the Electricity Act, 2003;

c) To issue a writ, order or direction in the nature of writ of mandamus restraining the respondents from recovering sum in question from the petitioner in any manner

including by coercive process;"

2. The prayer in the Writ-C No.59151 of 2007 is as follows:

"a) a writ, order or direction in the nature of writ of certiorari quashing the revised assessment demand bill and order dated 1.9.2007 and 3.9.2007 (Annexure No.8 & 9 to the writ petition) issued by the respondent No.2 in purported exercise of power under Section 135 Electricity Act, 2003;

b) issue writ, order direction in the nature of mandamus restraining the Respondents from disconnecting power supply and recovering sum in question from the petitioner in any manner including by coercive process;

c) issue other and further writ, order or direction which this Hon'ble Court may deem fit and proper in the circumstances of the case;

3. We have heard learned counsel appearing for the parties and perused the material on record.

4. It is to be noted that the revised assessment order dated 17.12.2005, consequential demand notice dated 20.12.2005 (Writ - C No.14518 of 2006) and the revised assessment order dated 3.9.2007 and revised assessment bill dated 1.9.2007 (Writ-C No.59151 of 2007) have been passed.

5. From perusal of record it appears that in the first writ petition, the Executive Engineer (Revenue) has passed the order. Learned counsel for petitioner submits that only Executive Engineer (Distribution) has the power to pass assessment order. In our view the power was not with the Executive Engineer (Revenue) to pass the assessment bill and the demand notice and the power lies with the Executive Engineer (Distribution). Accordingly, the writ petition is allowed and the impugned order and demand notice are quashed and set aside.

6. The challenge in the second writ petition is with regard to the revised assessment order passed by the Executive Engineer (Distribution). With regard to the revised assessment order passed in 2007, the writ petition is **allowed** granting the liberty to the writ petitioner to file appeal against the said revised assessment order and revised assessment bill within a period

of four weeks from date without payment of any pre deposit as substantial amount has already been deposited by the petitioner. The authorities are directed to grant an opportunity of hearing and thereafter passed a reasoned order in accordance with law within a period of eight weeks from the date of filing of the said appeal. The other prayers in the aforesaid writ petitions have not been pressed by the writ petitioners.
