HEADNOTE

A writ that in pith and substance challenges the validity or adjustment of an electricity bill is not the proper first forum. The consumer is to invoke Paragraph 6.5 of the U.P. Electricity Supply Code, 2005. Where a 6.5 complaint is already pending, the Executive Engineer is directed to take a final call on it; the writ is disposed of without deciding the bill.

FACTUAL SUMMARY

HOLDING

Where a writ petition in pith and substance raises the validity or adjustment of an electricity bill, the consumer must invoke Paragraph 6.5 of the U.P. Electricity Supply Code, 2005, rather than High Court writ jurisdiction. If a Paragraph 6.5 complaint is already pending, the concerned Executive Engineer is to take a final call on that application. ¶ 1

NOT DECIDED — NEGATIVE AUTHORITY

NOT DECIDED — VALIDITY AND ADJUSTMENT OF THE ELECTRICITY BILL

The Court did not examine the bill on merits and left the pending Paragraph 6.5 complaint to the Executive Engineer. ¶ 1
