HOLDING

The remedy for a disputed electricity bill lies in clause 6.5 of the U.P. Electricity Supply Code, 2005. Where the consumer has already approached the Executive Engineer, that authority is to look into the matter and do the needful as per that provision and the law, with expedition (here, within three weeks of receipt of a certified copy). A pending application for permanent disconnection is to be considered in the same period by the competent authority. The writ is disposed of on that direction; the bill is not quashed and connection is not ordered. ¶ 3
